Re: Application of Saratoga Solar Project, LLC for a Certificate  
of Public Convenience and Necessity to Construct a Solar  
Electric Generation Facility in the Town of Saratoga, Wood  
County, Wisconsin

9816-CE-100

To the Person Addressed:

Enclosed is a copy of the complete application filed with the Public Service Commission (Commission) by Saratoga Solar Project, LLC (Saratoga Solar). The application seeks authority to construct and place into operation a new photovoltaic solar energy generating facility and battery energy storage system to be located in your area. Pursuant to Wis. Stat. § 196.491(3)(a) and Wis. Admin. Code § PSC 111.51(4), the Commission has directed Saratoga Solar to send an electronic copy of the application to the clerk of each municipality, town, and county in which the facilities are to be located, and to the main public library and local libraries in the project area. Please place this copy, along with a printed copy of this letter, in an area where it will be available for public review until June 5, 2022.

Additional correspondence will also be mailed to you, other interested parties, and all landowners potentially affected by the project. These mailings will list your office as a location where the public may review the project application.

All documents relating to the project may be viewed through the Electronic Records Filing system available at the Commission's website, <http://psc.wi.gov>. The docket number listed above, 9816-CE-100, can be used to access the documents.

If you have questions regarding this letter, please contact me at (608) 266-9658.

Sincerely,

Jeffery Kitsembel, P.E.  
Nuclear Engineer  
Division of Energy Regulation and Analysis
